

Hollow bar grade 304/304l also grade 316/316TI 1.4301, 1.4404, 1.4571annealed and pickled. Production norm EN 10294-1. Production norm ASTM A312-09 Certificate according to EN 10204/3.1 Outside dimensions from 32x16 to 250x200 mm available lengths from 2 to 6m meters. The hollow bar can also be grinded with grain size 240/320 or with surface values by Ra values with our grinding machinery.
